2133 Tynan Avenue
Alameda, CA 94501

Please note: No classes will be held during the week of Thanksgiving (Nov 25-29) in observance of the holiday.

Embark on an Exciting Journey

This training program arms you with the in-demand skills and knowledge needed to excel in today's rapidly evolving job market. Students explore the essential competencies that distinguish them in operational efficiency, strategic inventory management, and professionalism in the logistics sector.

The training focuses on operational excellence and strategic foresight to prepare you for employment opportunities across various industries.

You will master sophisticated inventory control techniques to navigate the complexities of supply chain management, gaining confidence and skills to manage the demands of a fast-paced logistics environment. Our program enhances your ability to contribute to the supply chain processes and enhance customer satisfaction.

By connecting with a network of employers seeking our highly skilled graduates, we ensure that upon completion of our training, you emerge with not only new skills but valuable connections that will propel your career to new heights.
