Cultivate Your Future for Growth

Our comprehensive training program is designed to equip you with the skills and knowledge needed to thrive in the dynamic gardening and landscaping industries. Through a hands-on, real-world curriculum, you'll gain valuable experience and insight into modern and tested industry techniques and sustainable best practices.

Our outdoor learning environment provides an ideal setting to master essential skills such as tool use and safety, composting, plant identification and layout, nursery and gardening maintenance tasks, irrigation techniques, and sustainable cultivation principles.

With a focus on practical experience, you'll develop the expertise needed to excel in this field. We've designed our program to align with the most sought-after skills and knowledge in the gardening and landscaping industry, ensuring you're truly employment ready.

Upon completion, you'll not only gain a deep understanding of gardening and landscaping methodology but also earn a Certificate of Completion, showcasing your readiness and qualifications for a rewarding career. Connect with potential employers and cultivate the skills needed to grow your future in this thriving industry!

**Pacific Coast
Community Services**

Pacific Coast Community Services is a 501(c)(3) non-profit organization. Its mission is to provide training and long-term employment for veterans, persons with disabilities, and those re-entering the workforce.
